

**Tags Specification:**

Frequency	13.56MHz
IC Type	NXP Icode SLIX
Protocol	ISO15693 Standard Compliant
Memory of IC	1024 Bits RW
Read/Write Endurance	50 Years
Data Retention	100,000 Cycles
Encasement	Paper Material andm Surface Label Printing
Size(mm)	50 x 50 x 0.2
Weight(g)	0.30
Operating Temperature	-25°C to +75°C
Storage Temperature	-25°C to +75°C
Ingress Protection	N/A
Attachment	Self Adhesive
Certifications	RoHS, REACH & CE (optional)
Typical Application	Non Metallic Asset tracking, Library Management
Customization Options	Printing & Encoding
